Canton, Ohio is a city with a rich history of aviation innovation. From the early days of ballooning to the development of the jet engine, Canton has played a vital role in the history of flight.

Canton Pioneers In Flight tells the story of the men and women who made Canton a center of aviation innovation. This book profiles some of the most important figures in aviation history, including:

- **Wilbur and Orville Wright**, who made their first successful airplane flight in Canton in 1903
- **Glenn Curtiss**, who founded the Curtiss Aeroplane and Motor Company in Canton in 1909
- **Roy G. Miller**, who developed the jet engine in Canton in the 1940s

Canton Pioneers In Flight is a must-read for anyone interested in the history of aviation. This book tells the stories of the people who made Canton a center of aviation innovation and history.
