

Directory of EC Case Law on State Aid and International Competition Law, 37th Edition: Navigate the Complex World of State Aid and Competition Law

In the dynamic and interconnected global market, understanding and adhering to state aid and competition laws are crucial for businesses, policymakers, and legal professionals alike. The European Union (EU) plays a pivotal role in regulating and enforcing these laws within its member states, ensuring fair competition and economic integrity. The Directory of EC Case Law on State Aid and International Competition Law, 37th Edition, serves as an invaluable resource for navigating the complex legal landscape surrounding state aid and competition law in the EU.

The 37th edition of this comprehensive directory provides up-to-date and detailed analysis of case law from the European Court of Justice (ECJ), the General Court, and the European Commission. It covers a diverse range of topics, including:

- Definition and scope of state aid
- Legality of state aid measures
- Procedural rules for granting and recovering state aid
- Enforcement of competition law
- Merger control
- Antitrust rules

The directory offers more than just a compilation of case law. It provides insightful commentary and analysis from leading experts in the field, offering invaluable context and guidance on the legal principles and their practical implications. Each case is thoroughly examined, highlighting its key elements, legal reasoning, and significance within the broader framework of state aid and competition law.
