## What is Your Life Path Number?

Your life path number is calculated by adding up the digits of your birth date. For example, if you were born on January 1, 1970, your life path number would be  $1 + 1 + 1 + 1 + 1 + 9 + 7 + 0 = 21$ . If your life path number is greater than 9, you need to reduce it to a single digit by adding the two digits together. In this case, 21 would become  $2 + 1 = 3$ .

Each life path number has its own unique meaning. For example, people with a life path number of 1 are natural leaders, while people with a life path number of 2 are peacemakers.
