

Exhibition of Naval and Other Prints, Portraits, and Relics Relating to the War of 1812

The War of 1812 was a defining moment in American history. It was a time of great upheaval and change, and it shaped the course of the nation for years to come.

One of the most important aspects of the War of 1812 was the naval conflict. The United States Navy fought a series of brilliant battles against the British Royal Navy, and these battles helped to establish the United States as a major naval power.

Exhibition of Naval and Other Prints, Portraits and Books Relating to the War of 1812, November 7th to 23d, 1912 by Georg Ebers
