I remember when I was a kid, my dad would always take me to the park. We would play on the swings, the slide, and the merry-go-round. He would always make me laugh, and he would always make sure that I was having a good time.

As I got older, my dad was always there for me. He was there when I started playing sports, and he was there when I started dating. He was

always there to give me advice, and he was always there to support me. No matter what I did, my dad was always there for me.

But my dad was more than just a dad. He was also a great friend. He was the kind of guy that you could always talk to, and he was the kind of guy that would always make you feel better. He was always there for me, and he always knew how to make me smile.

I'm going to miss my dad so much. He was the best dad anyone could ask for. He was always there for me, and he always loved me. I know that he's in a better place now, and I know that he's watching over me.

Thank you, Dad, for everything. I love you.
