

# The Presidents: 250 Years of American Political Leadership

By David McCullough

The presidency of the United States is the most powerful office in the world. The president is the commander-in-chief of the armed forces, the head of state, and the chief executive of the federal government. The president is responsible for setting the agenda for the nation, both domestically and internationally.

The history of the American presidency is a long and storied one. The first president, George Washington, was elected in 1789. Since then, 45 other men have held the office. Each president has brought his own unique style and personality to the job. Some presidents have been great leaders, while others have been less successful.

The Presidents: 250 Years of American Political Leadership is a comprehensive and engaging look at the history of the American presidency. From George Washington to Joe Biden, this book profiles all 46 presidents, providing insights into their lives, their policies, and their impact on the nation. With over 1,000 pages of text and hundreds of illustrations, The Presidents is the definitive guide to the American presidency.
