- Control the ingredients and ensure the quality of your products
- Save money by making your own products instead of buying commercial brands
- Reduce plastic waste and contribute to a more sustainable lifestyle

- Create products tailored to your individual skin and hair needs

Before you dive into the world of DIY, let's gather the essential ingredients and equipment you'll need:

- **Base ingredients:** These form the foundation of your products, such as liquid castile soap, coconut oil, olive oil, and water.
- **Emulsifiers:** These help to blend oils and water together, such as beeswax, emulsifying wax, or polysorbate 80.
- **Surfactants:** These create the cleansing action in soaps and shampoos, such as sodium lauryl sulfate, sodium laureth sulfate, or coco betaine.
- **Preservatives:** These prevent bacterial growth in your products, such as Optiphen Plus, Germall Plus, or rosemary extract.
- **Essential oils:** These add fragrance, therapeutic properties, and skin benefits to your products.

In addition to ingredients, you'll need basic equipment like measuring cups and spoons, a whisk or immersion blender, containers for storage, and labels.

## **DIY Shampoo**

Craft your own shampoo that's gentle on your hair and scalp while providing nourishment and shine.

### **Ingredients:**

- 1 cup liquid castile soap

- 1/2 cup water
- 1/4 cup coconut oil
- 1/4 cup jojoba oil
- 1 tablespoon honey
- 15 drops rosemary essential oil

### **Instructions:**

1. In a bowl, whisk together the liquid castile soap, water, coconut oil, and jojoba oil.
2. Add the honey and rosemary essential oil and whisk until well combined.
3. Transfer the mixture to a container and label it.

### **DIY Shower Gel**

Create a luxurious shower gel that cleanses, moisturizes, and invigorates your skin.

### **Ingredients:**

- 1 cup liquid castile soap
- 2 cups water
- 1/2 cup coconut oil
- 1/2 cup olive oil
- 1/2 cup aloe vera gel
- 20 drops lavender essential oil

## **Instructions:**

1. In a large bowl, whisk together the liquid castile soap, water, coconut oil, olive oil, and aloe vera gel.
2. Add the lavender essential oil and whisk until well combined.
3. Transfer to a container and label it.

## **DIY Hand Soap**

Make your own hand soap that's gentle on your skin but tough on germs.

## **Ingredients:**

- 1 cup liquid castile soap
- 1 cup water
- 1/4 cup olive oil
- 1/4 cup coconut oil
- 1 tablespoon tea tree essential oil

## **Instructions:**

1. In a medium bowl, whisk together the liquid castile soap, water, olive oil, and coconut oil.
2. Add the tea tree essential oil and whisk until well combined.
3. Transfer to a container and label it.

## **DIY Laundry Detergent**

Craft your own laundry detergent that's effective at cleaning your clothes while being gentle on fabrics and the environment.

## **Ingredients:**

- 1 cup grated Fels-Naptha soap
- 1 cup borax
- 1 cup washing soda
- 1/2 cup baking soda
- 10 drops lavender essential oil

## **Instructions:**

1. In a food processor or blender, pulse the Fels-Naptha soap chunks until finely grated.
2. In a large bowl, whisk together the grated soap, borax, washing soda, and baking soda.
3. Add the lavender essential oil and mix well.
4. Transfer to a container and label it.

Congratulations! You now have the knowledge and recipes to create your own high-quality bath and laundry products. Enjoy the satisfaction of using natural and eco-friendly products that nourish your skin, clean your clothes, and contribute to a healthier planet.

As you become more experienced in DIY, you can experiment with different ingredients and essential oils to customize your products to your specific needs and preferences. Remember to always follow safety guidelines when working with chemicals and essential oils, and enjoy the creative process of making your own bath and laundry essentials.
