

Unlock the Secrets of Your Destiny: Discover the Power of Palmistry in "Destiny in the Palm of Your Hand"

MAJOR LINES OF YOUR PALM

Every palm is different, but most share the same basic lines. Subtle differences between the patterns they form give us insight into our destiny.

When your hands and fingers bend, an crease forms in the skin, leading to a pattern of permanent lines across your palm. Exactly where these creases lie varies - your pattern is unique to you.

Before the lines
Your palm can change dramatically as you age. The lines on the hand you write with will change the most, and so these are the ones you should read first. By understanding all the lines on your palm you can build up a picture of the person you are, the illusions that lead you to your present situation.

HEART LINE
Reflects the emotional side of your personality and related to the health of the heart.

HEAD LINE
Reflects the mental side of your personality and related to the health of the brain.

LIFE LINE
Reflects the physical side of your personality and related to the health of the body.

FATE LINE
Reflects the destiny side of your personality and related to the health of the soul.

SUN LINE
Reflects the creative side of your personality and related to the health of the spirit.

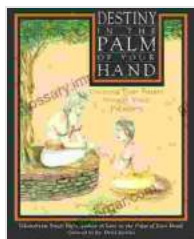

DIAGONAL
The diagonal line runs from the base of the thumb to the base of the ring finger.

BRACETS
The vertical lines on either side of the palm, between the base of the thumb and the base of the pinky.

Diagnosis
A good palm reader will consider the relationship between the lines rather than reading any one line individually.
