In the heart of Georgia's rich history, where the Oconee River meanders and rolling hills meet sprawling forests, lies Washington County. Established in 1784, this county played a pivotal role in the Revolutionary War era and beyond.

We proudly present "Washington County Ga Land Warrants 1784 1787 Georgia Genealogy Series," an indispensable resource for anyone seeking to delve into the fascinating history of this region and trace their family roots.

A Genealogical Goldmine

This meticulously compiled book offers an unparalleled collection of land warrants issued in Washington County between 1784 and 1787. Land

warrants were essentially government-issued certificates granting individuals the right to claim specific pieces of land in exchange for their military service or other contributions to the new nation.

Each warrant meticulously records the recipient's name, military rank (if applicable), the amount of land awarded, and the location of their claim. Genealogists will find this information invaluable for piecing together the lives of their ancestors and understanding their role in the development of Washington County.

Beyond Names and Dates

But this book goes beyond mere names and dates. It paints a vivid picture of life in Washington County during the Revolutionary War era. By studying the distribution of land, we gain insights into the economic and social dynamics of the time. We learn about the military campaigns that shaped the region, and we witness the gradual transition from frontier settlement to established communities.

Uncover Your Lineage

Whether you are a direct descendant of Washington County pioneers or simply intrigued by Georgia's past, this book has something to offer. The land warrants provide tantalizing clues that can lead you on a journey of genealogical discovery:

- **Identify Ancestral Lands:** Trace the exact location of your ancestors' land claims, connecting you to the places they lived and worked.
- **Uncover Military Service:** Determine if your ancestors served in the Revolutionary War or other conflicts, revealing their patriotic

contributions.

- **Establish Family Ties:** Identify relationships between different land warrant recipients, providing insights into extended family connections.

A Treasure for Historians and Researchers

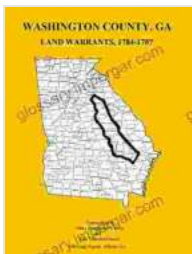

This book is not only a boon to genealogists but also a valuable resource for historians, researchers, and anyone interested in the settlement and development of Georgia. Land warrants offer a unique glimpse into land ownership patterns, agricultural practices, and social hierarchies in the late 18th century.
